

Corporate Partnership with

SENECA

FAMILY OF AGENCIES | UNCONDITIONAL CARE

The mission of Seneca Family of Agencies (Seneca) is to help children and families through the most difficult times in their lives. Seneca believes that children and families do not themselves fail, but instead are failed by public service systems that are unable to meet their complex needs. Founded in 1985, Seneca has grown from a day treatment and residential program to a provider of comprehensive community-based and family-focused services for children and families. Seneca joined forces with Canyon Acres and Kinship center to continue their adoption work and expand services include more mental health supports for youth and families.

All programs are guided by our commitment to our Unconditional Care model - doing whatever it takes to help children and families thrive, even when faced with tremendous challenges. Our programs reflect the needs of the communities we serve and encompass the following focus areas: Permanency, Education, Mental Health, and Innovation.

Our Impact

across California, Washington,
and in nationwide programs

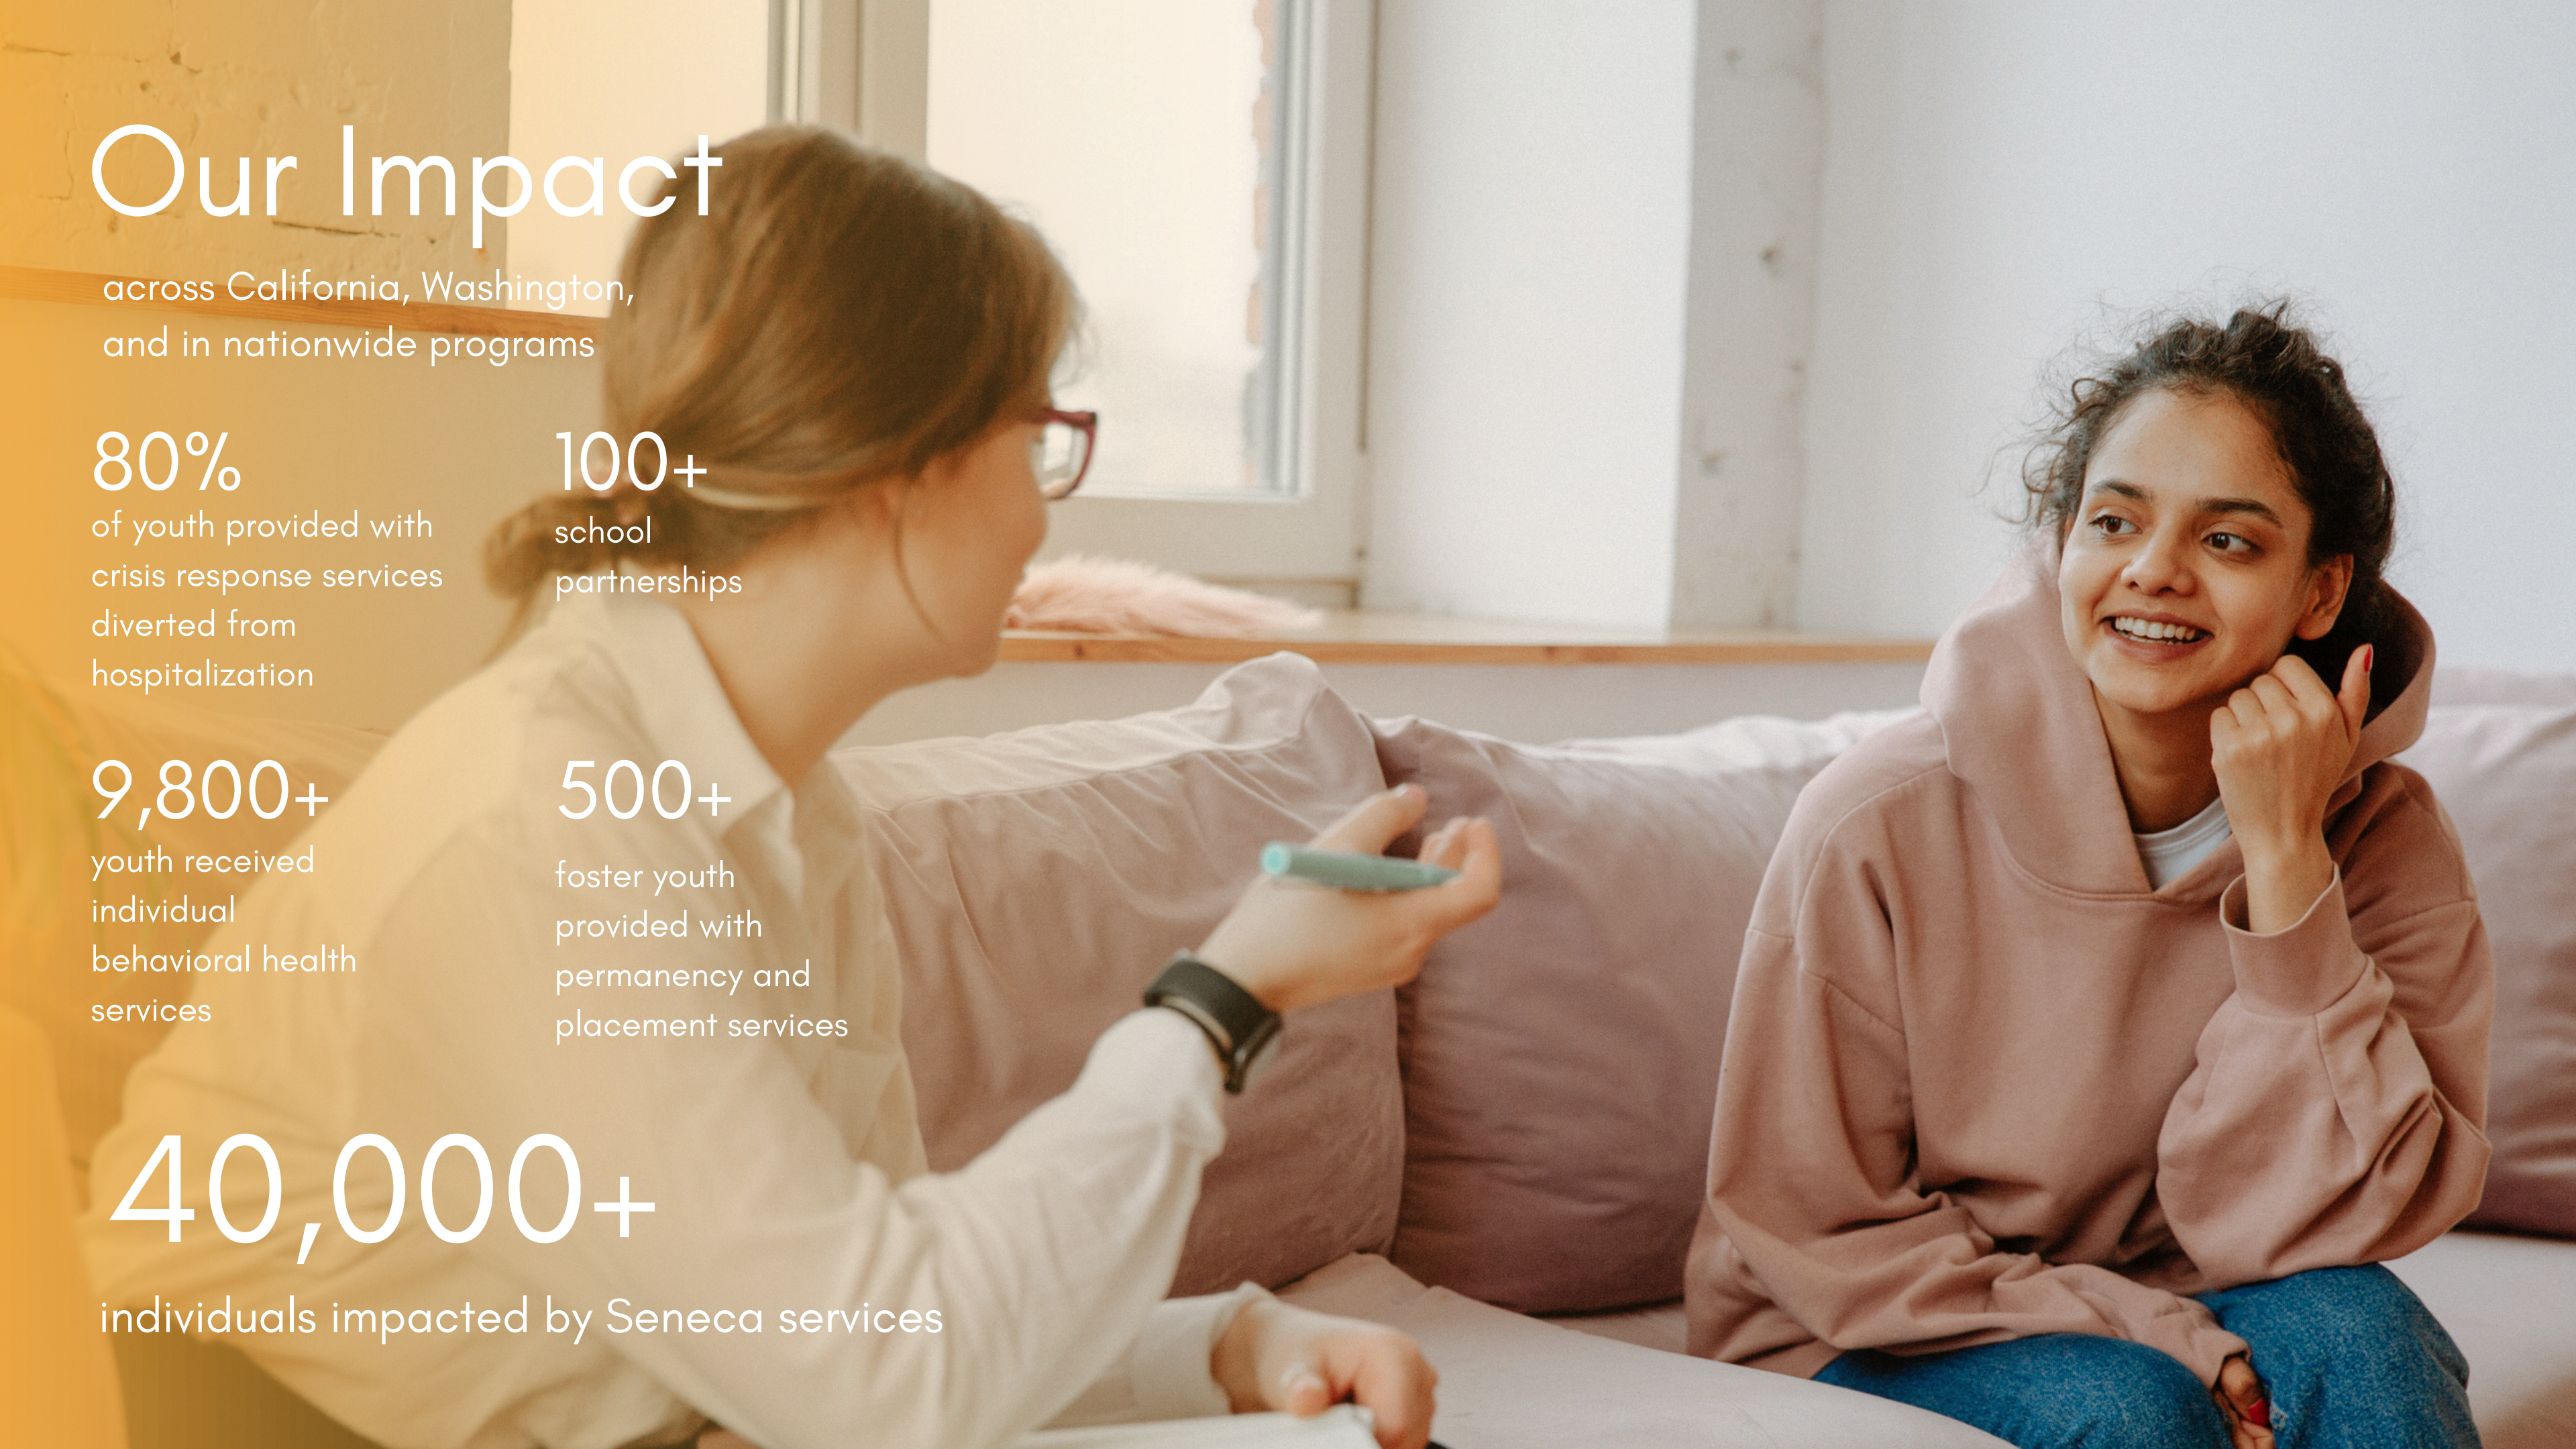

80%
of youth provided with
crisis response services
diverted from
hospitalization

100+
school
partnerships
