Deshika has experience with WISE, dyadic therapy with parents of children under 5, and outpatient therapy.
Boone, Kelsey M.	Speech& Lang Pathologist	Speech-Lang Path. (WA)	LL61565382		
Borger, Sarah	WA Therapist- School	LMHC (WA)	LH61595798	Master of Clinical Mental Health Counseling and Art Therapy	Hello! I am a licensed clinical mental health counselor and registered art therapist. My goal is to create a warm and trusting environment where we will work collaboratively to investigate patterns of behavior, thoughts, and emotions that may be interfering with specific areas of your life. During the therapy process, we will work to identify issues that are important to you. Together, we will set goals for your work, and will periodically review these goals and assess your progress. My theoretical orientation is Person-Centered, a counseling approach that is based on the understanding that every person has their own vibrant and unique lived-experience and holds the resources within themselves to access healing, restoration, and personal growth. Additionally, I utilize art therapy methods. While the choice to participate in art making is always at your discretion, the process of creating art yields self-expression which in turn can assist in: resolving conflicts or challenges, improving interpersonal skills, increasing behavior management abilities, decreasing stress, increasing self-esteem, heightening self-awareness, and achieving treatment goals.

Byrd, Timothy J.	WA Clinician- CBS	LSWAIC (WA)	SC61448490	Master of Social Work	Tim Byrd (he/him) is a licensed independent clinical social worker associate in Washington State. He received his Master's in Social Work from the University of Denver. He works mostly with children and families in community settings, but also has experience in mental health crisis work, schools, and outpatient mental health. Tim utilizes many therapeutic modalities in his work such as Narrative Therapy, Cognitive Behavioral Therapy, and person-centered approaches while also implementing trauma-informed care and cultural humility in his work.

Cox, Mya J.	WA Therapist- Outpat. CBS	LICSW (WA)	LW61663935	Master of Social Work	Mya Cox is a mental health therapist who enjoys working with youth and families from all walks of life. She practices from a strengths-based approach by integrating her clients' strengths into therapy, while also promoting the development of new ones. She draws upon techniques from modalities such as play therapy, art therapy, and cognitive behavior therapy in order to make therapy more accessible and effective in a client's life.
Crow, Katherine A.	Crisis Support Facil	LSWAIC (WA)	SC70006221	Master of Social Work	Katie is a licensed independent clinical social worker associate in Washington State. She works mostly with children and youth in the juvenile justice system. She has experience working with children and youth in educational and treatment settings. Katie practices with a trauma-focused and culturally competent lens. Utilizing motivational interviewing and solution focused therapy techniques to create individualized treatment for each client.
De Los Reyes, Erica A.	Clinical Supervisor	LICSW (WA)	LW61486565	Master of Social Work	Erica de los Reyes is a licensed independent clinical social worker in Washington State. Her professional history mostly encompasses adolescents, youth, and family work from a strengths based and trauma-informed lens. She comes largely from a crisis background with focuses in mood and anxiety disorders. Erica believes the clinical modality should ebb and flow with the client and their needs, and favors narrative, human-centered, motivational interviewing, and DBT modalities. Above all, Erica believes social justice is therapy and aims to speak that to power and help clients externalize what they are facing, reframing away from the traditional idea that we are our problems.
Dunk, Emily J.	School Psychologist	Registered AAC (WA)	CG60883231		
Duong, Thanh-Thao T.	WA Therapist- School	Licensed MFT Assoc. (WA)	MG61475639	Master of Marriage and Family Therapy	Thao Duong is a licensed marriage and family therapist associate in Washington State. Her therapeutic approach is rooted in evidence-based practices and the framework of systems theory, with the goal of supporting families, couples, and individuals while encouraging collaboration with other professionals.
Dzul, Michael A.	WA Therapist- Outpat. CBS	LMFT (WA)	LF61464351	Master of Couples and Family Therapy	Michael is a licensed marriage and family therapist in Washington State. He has experience working with children, teens, adults, and couples in both community mental health and a private group practice. Michael works under a systemic and holistic lens looking at all parts of an individual or family and how these intertwine and effect one's mental health. He uses primarily play therapy, narrative therapy, solution-focused therapy, and Gottman.
Eastman, Victoria A.	WA Therapist- School	LSWAIC (WA)	SC61332683	Master of Social Work	Victoria's therapeutic practice begins with person-centered and strength based approaches. She firmly believes that client's lived experiences make them the expert of their own lives. Victoria aims to bring a combination of strategies to create a supportive environment in which connection, empathy, and nonjudgment is centered for healing and achieving the client's goals. She utilizes holistic therapy from a trauma-informed and culturally competent lens that may include CBT, narrative therapy, and play therapy. Victoria works mostly with children and adolescents as well as enjoys supporting school and family systems.
